

DrawingVisitor

```
classDiagram
    class DrawingVisitor
    class ServerDrawer
    ServerDrawer --|> DrawingVisitor
```

A UML class diagram illustrating inheritance. The class 'DrawingVisitor' is at the top, represented by a white rectangle with a black border. The class 'ServerDrawer' is at the bottom, represented by a gray rectangle with a black border. A solid blue arrow points from the top of 'ServerDrawer' to the bottom of 'DrawingVisitor', indicating that 'ServerDrawer' inherits from 'DrawingVisitor'.

ServerDrawer
